

Create Opportunities for Future Generations

Pathways to Education helps young people in low-income communities graduate from high school while building their foundation for a successful future.

What Is Legacy Giving?

A legacy gift is a planned charitable contribution made through your will, estate plans, or financial arrangements. It is one of the most meaningful ways to support Pathways to Education for generations to come.

Why It Matters

Education is the most enduring investment you can make in a young person's life. Your legacy gift helps break the cycle of poverty by giving students resources, mentorship, and support to graduate from high school and build brighter futures.

Ways to Give

Bequests (gifts in your will), Stocks & Securities (tax-efficient transfers), Registered Funds (RRSPs, RRIFs), and Life Insurance policies. Each provide charitable tax benefits while creating lasting impact.

Your legacy becomes woven into every student's journey – carrying them to graduation and everything that follows.

“If you are a supporter of Pathways, you are enhancing the lives of so many students in different ways, and I will never stop expressing my gratitude for this blessing.”
